

## The Benefits of this Generation

God knows what generation is best for you. For example, if I were born in another generation, there would not be any good hearing aids. Had I the type of hearing aids before my digital hearing aids, I would not be able to hear or speak very clearly. Without my hearing aids, I would probably be considered deaf.

Also, if I were born earlier, my first glasses might have been less bendable. Then they would not fit very well with my hearing aids. My glasses would have been bumping against my hearing aids, making it noisy. If that happened, I would always be slightly blind or slightly deaf.

These are two of many Bible verses that say that God knows what is best for you: First, there is Acts 17:26. This verse says: "From one man he made every nation of men, that they should inhabit the whole earth; and he determined the times set for them and the exact places where they should live." Second, there is Romans 8:28. "And we know that in all things God works for the good of those who love him, who have been called according to his purpose."

You should never wish you were in the previous century or in the next century; you are at the time that is best for you.
