RE: Alex transcript

To Whom It May Concern:

By way of introduction, the Home School Legal Defense Association is a nationwide membership organization of more than 77,000 homeschooling families. Our association is dedicated to preserving the fundamental rights of parents to direct the education of their own children. I am the attorney who serves our 1474 member families in Massachusetts. The family is a member of our Association.

The family has been homeschooling their children under Massachusetts law for 8 years. This law requires families to obtain the school district's advance approval of their homeschool program. *Care and Protection of Charles*, 399 Mass. 324, 504 N.E.2d 592. The family has obtained this approval each year that they have homeschooled. Based on this, the transcript that they have provided is the official record of their son's education.

If you have any questions, please give me a call at your convenience.

Very truly yours,
